

4/9

Jason

Am I blocked?	No
What did I do yesterday?	Working on SL - 1 - 4 Test Cases
What am I doing today?	Jotting down major positives and negatives of IM - Peer Review.

Gio

Am I blocked?	No
What did I do yesterday?	Contacted AWS for unknown charges
What am I doing today?	Found out the charges are coming from creating a Firewall endpoint on AWS so I will need to delete it to stop the charges

Vi

Am I blocked?	No
What did I do yesterday?	Finishing LLD for CNC
What am I doing today?	Making Fail cases for CNC LLD

Jesus

Am I blocked?	No
What did I do yesterday?	Attempted but failed to make front end buttons work
What am I doing today?	Will be trying to fix error in front end, buttons not working

Rainier

Am I blocked?	No
What did I do yesterday?	Created the Target and Service layer for IM-1 and IM-2 (made IM-2 extensible so that way if no search filters are applied, then it returns the expected results for IM-1)
What am I doing today?	Creating the Manager layer for IM-1 and IM-2

4/10

Jason

Am I blocked?	No
What did I do yesterday?	Noted down major positives and negatives of IM Peer review.
What am I doing today?	Finish rough draft of IM Peer Review. Send it to Frank for completion. Continue work on CHR - 1 and - 2 LLD.

Gio

Am I blocked?	No
What did I do yesterday?	Deleted the Firewall endpoint on AWS to stop it from charging me
What am I doing today?	Still in contact with AWS support to see if they can refund me the money and also stop the charges in for this month

Vi

Am I blocked?	No
What did I do yesterday?	Making fail cases for CNC LLD
What am I doing today?	Implementing Target for CNC

Jesus

Am I blocked?	No
What did I do yesterday?	Trying to debug buttons not connecting in front end, could not find out the root cause of the problem
What am I doing today?	Working on front end again, trying to fix button not binding issue

Rainier

Am I blocked?	No
What did I do yesterday?	Created some tests for IM-1 and IM-2
What am I doing today?	Had to study for other classes

4/11

Jason

Am I blocked?	No
What did I do yesterday?	Finished IM peer review. Work on CHR LLD artifacts (sequence diagram, class diagrams, vertabelo)
What am I doing today?	Finish CHR 1 and 2 LLD sequence diagrams. Begin developing Unit tests and implement Service layer and down.

Gio

Am I blocked?	No
What did I do yesterday?	AWS support was able to refund me the money and we were able to solve the charges issue.
What am I doing today?	Was given Car Health Rating to peer review and will look and the contents to understand the sequence diagram

Vi

Am I blocked?	No
What did I do yesterday?	Implementing Target for CNC
What am I doing today?	Start on implementing CNC Target and CNC1/CNC3 services

Jesus

Am I blocked?	No
What did I do yesterday?	Have discovered nothing in the file is working, and have discovered the culprit is the "import" keyword, as file works without it
What am I doing today?	Will be trying to find out fix to described problem

Rainier

Am I blocked?	No
What did I do yesterday?	Studied for other classes
What am I doing today?	Attempting to start work on Manager layer for IM-1 and IM-2

4/12

Jason

Am I blocked?	No
What did I do yesterday?	Finished CHR LLDs. Sent to peer review.
What am I doing today?	Develop CHR - 1 & 2 unit tests. Create CHR classes on the back end. Implement microservice outline

Gio

Am I blocked?	No
What did I do yesterday?	Review the sequence diagrams for Car Health Rating feature to do peer review
What am I doing today?	I am writing down initial major negatives and major positives of the of the design

Vi

Am I blocked?	No
What did I do yesterday?	Start on implementing CNC Target and CNC1/CNC3 services
What am I doing today?	Fixing SQL command for CNC Target

Jesus

Am I blocked?	No(?)
What did I do yesterday?	I got sick, was unable to work on project as planned
What am I doing today?	I am currently sick, so I may be unable to work on project

Rainier

Am I blocked?	No
What did I do yesterday?	Could not start on Manager layer due to factors out of the scope of the project
What am I doing today?	Will try to work on Manager Layer

4/13

Jason

Am I blocked?	No
What did I do yesterday?	Finished unit test creations. Began work on microservice
What am I doing today?	Finish microservices for CHR 1 & 2. Revise and finish testing.

Gio

Am I blocked?	No
What did I do yesterday?	Listed major negatives and major positives of the design for Car Health Rating
What am I doing today?	Filling out Umet Requirements and Design recommendations for the design

Vi

Am I blocked?	No
What did I do yesterday?	Fixing SQL command for CNC Target
What am I doing today?	Implementing test cases for CNC1/3 service

Jesus

Am I blocked?	No
What did I do yesterday?	I worked on the project, decided to just not use imports. Will have central file to keep working function, will copy paste out of it
What am I doing today?	Shift Prio, finishing security for Jason code review

Rainier

Am I blocked?	No
What did I do yesterday?	Could not work on manager layer due to unexpected family event
What am I doing today?	Nothing, scheduled day off

4/14

Jason

Am I blocked?	No
What did I do yesterday?	Finish microservices for CHR 1 & 2. Revise and finish testing.
What am I doing today?	Finish manager layer implementation for CHR 1 and 2. Revise after completion.

Gio

Am I blocked?	No
What did I do yesterday?	The design didn't have any unmet requirements so I focused on design recommendations of the design
What am I doing today?	Doing test recommendations and finishing peer review by revising the document and fixing up the formatting of the document

Vi

Am I blocked?	No
What did I do yesterday?	Implementing test cases for CNC1/3 service
What am I doing today?	Starting on making endpoints for CNC1/3

Jesus

Am I blocked?	No
What did I do yesterday?	Working on finishing security, large progress was made. SC-2 and SC-4 done
What am I doing today?	Working on finishing remainder of Security

Rainier

Am I blocked?	No
What did I do yesterday?	Scheduled day off
What am I doing today?	Some family obligations popped up last minute

4/15

Jason

Am I blocked?	No
What did I do yesterday?	Finish manager layer implementation for CHR 1 and 2. Revise after completion.
What am I doing today?	Finish all front end components before code review for CHR 1 and 2.

Gio

Am I blocked?	No
What did I do yesterday?	Finished peer review of Car Health Rating and pushed it to the team github. Also sent it to Frank for approval that peer review was done
What am I doing today?	Had a family emergency

Vi

Am I blocked?	No
What did I do yesterday?	Starting on making endpoints for CNC1/3
What am I doing today?	Manager layer for CNC1/3

Jesus

Am I blocked?	No
What did I do yesterday?	Worked on security, finished SC-3 and made tweaks to the formatting of tokens ensuring they are valid
What am I doing today?	Scheduled day off

Rainier

Am I blocked?	No
What did I do yesterday?	Unfortunately not much due to family obligations
What am I doing today?	Changed around some of the tests
