

3/19

Jason

Am I blocked?	No
What did I do yesterday?	Sprint Planning 16. Searching through BRD for proposed changes
What am I doing today?	Unable to do work today.

Gio

Am I blocked?	No
What did I do yesterday?	Sprint meeting and created RideAlong VPC and a public subnet
What am I doing today?	Creating EC2 instance and putting it in the public subnet that was created and connecting it to internet gateway.

Vi

Am I blocked?	Yes
What did I do yesterday?	Sprint planning
What am I doing today?	Waiting for peer review

Jesus

Am I blocked?	No
What did I do yesterday?	Fixed weird circular dependency issues with implementation of security manager
What am I doing today?	Tweaking Log implementation, trying to ensure logging works

Rainier

Am I blocked?	No for Vehicle Profile, Yes for Peer Review
What did I do yesterday?	I started work on the manager layers for VP4 and VP5.
What am I doing today?	I will finish up the manager layer for VP4 and VP5

3/20

Jason

Am I blocked?	No
What did I do yesterday?	Unable to do work yesterday
What am I doing today?	Working on creating failure and success cases for SL - 5. Research pagination for front-end.

Gio

Am I blocked?	No
What did I do yesterday?	Created EC2 instance and internet gateway through routing tables
What am I doing today?	Doing peer review on Vehicle Marketplace and reading all the user stories for it try to at least have half of it done

Vi

Am I blocked?	Yes
What did I do yesterday?	
What am I doing today?	Waiting for peer review

Jesus

Am I blocked?	No
What did I do yesterday?	Created Tests for Data access and security, made some tweaks to target, added log hash implementation to logging
What am I doing today?	Created LLD for Rental Fleet Management

Rainier

Am I blocked?	No for Vehicle Profile, Yes for Peer Review
What did I do yesterday?	I finished the manager layer for VP4 and VP5. I also noticed that I overlooked some requirements in the BRD and will have to add pagination to the feature.
What am I doing today?	I will implement pagination in the feature, so that will have to restructure the target layer a little bit and add a new test case.

Sprint 14 Daily Standup 3/19 - 3/25

3/21

Jason

Am I blocked?	
What did I do yesterday?	Worked on SL - 5 success and failure cases. Able to get some research on pagination and applied in SL - 5
What am I doing today?	Finish SL - 6 and SL - 7 success and failure cases.

Gio

Am I blocked?	No
What did I do yesterday?	Went through Vehicle Marketplace LLD designs and peer reviewed user cases 1-5
What am I doing today?	Completing the peer review only need to review user cases 6-7 and writing the design recommendations and test cases for them

Vi

Am I blocked?	Yes
What did I do yesterday?	
What am I doing today?	Waiting for peer review

Jesus

Am I blocked?	No
What did I do yesterday?	LLD for Rental fleet done and submitted to main branch
What am I doing today?	Attempting to complete security and rental fleet implementation before code review

Rainier

Am I blocked?	No for Vehicle Profile, Yes for Peer Review
What did I do yesterday?	Finished Pagination for Vehicle Profiles.
What am I doing today?	Something came up and I will not be able to do much work if any on the project.

3/22

Jason

Am I blocked?	No
What did I do yesterday?	Completed SL - 6 and 7 LLD
What am I doing today?	Have work today

Gio

Am I blocked?	No
What did I do yesterday?	Completed the peer review for Vehicle marketplace and sent it to Frank for confirmation then uploaded it to team's github
What am I doing today?	Creating the Firewall subnet and actual firewall endpoint and creating the routing tables for them. The tables will connect the EC2 instance to Firewall first and then to the internet gateway

Vi

Am I blocked?	Yes
What did I do yesterday?	
What am I doing today?	Waiting for peer review

Jesus

Am I blocked?	No
What did I do yesterday?	Huge amount of progress, finished all endpoint and below functionality for security (although untested), Created non working (but implemented) code for all layers of Rental fleet
What am I doing today?	Working on creating tests, and ensuring functionality is working for rental fleet

Rainier

Am I blocked?	No for Vehicle Profile, Yes for Peer Review
What did I do yesterday?	Something came up and I could not do any work towards the project
What am I doing today?	I will also not be able to do work today on the project due to more

Sprint 14 Daily Standup 3/19 - 3/25

	events that came up.
--	----------------------

3/23

Jason

Am I blocked?	No
What did I do yesterday?	Had work yesterday
What am I doing today?	Have work today

Gio

Am I blocked?	No
What did I do yesterday?	Created The firewall portion in AWS and made routing tables so that the data is filtered first through the firewall before reaching the EC2 instance which is the webserver.
What am I doing today?	Creating the RDS and connecting it to the EC2 instance

Vi

Am I blocked?	No
What did I do yesterday?	
What am I doing today?	Finsihing Peer review for DYC

Jesus

Am I blocked?	No
What did I do yesterday?	Unable to put in work, was severely exhausted
What am I doing today?	Working on creating tests, and ensuring functionality is working for rental fleet

Rainier

Am I blocked?	No for Vehicle Profile, Yes for Peer Review
What did I do yesterday?	No work due to unexpected events occurring.
What am I doing today?	I have work outside the scope of the project, so I cannot do any work.

Sprint 14 Daily Standup 3/19 - 3/25

3/24

Jason

Am I blocked?	No
What did I do yesterday?	Work
What am I doing today?	Finish rest of Service Log LLD to get to Rainier. SL - 7 - 8 - 9 and revise

Gio

Am I blocked?	No
What did I do yesterday?	Successfully created and connected the RDS to the EC2 instance and made it in a private subnet. AWS already had a feature that automatically connects the 2 so no need to manually create the route tables.
What am I doing today?	Tried to connect to web server through ssh and see if it is working

Vi

Am I blocked?	No
What did I do yesterday?	Finsihing Peer review for DYC
What am I doing today?	Start on LLD for Notification Center

Jesus

Am I blocked?	No
What did I do yesterday?	Found error in Target layer sql creation, attempted to fix but have not completed
What am I doing today?	Redesigning approach to security, as vong had recommended I do not take the entirety upon myselfi

Rainier

Am I blocked?	No
What did I do yesterday?	I had work outside the scope of the project, so I could not start on the entry point and front end of VP4 and VP5.
What am I doing today?	Starting on Peer Review for the Service Log

Sprint 14 Daily Standup 3/19 - 3/25

3/25

Jason

Am I blocked?	No
What did I do yesterday?	Finished Service Log LLD's
What am I doing today?	Sprint Planning 17 and go over Project Plan changes

Gio

Am I blocked?	No
What did I do yesterday?	Tested the EC2 instance by using the ssh to connect to it
What am I doing today?	Try to connect to the web server through a linux virtual machine

Vi

Am I blocked?	No
What did I do yesterday?	Start on LLD for Notification Center
What am I doing today?	Adjust peer review for DYC and LLD for Notification Center

Jesus

Am I blocked?	No
What did I do yesterday?	Came up with plan to redistribute remaining Security functionality to teammates, have created 4 potential tasks that are independent of each other to ensure clean distribution of work without delay
What am I doing today?	Discussing potential redistribution of work for security to team

Rainier

Am I blocked?	No
What did I do yesterday?	Started on Jason's Peer Review for Service Log. I finished the Major Positives section.
What am I doing today?	Finishing up the Peer Review for Service Log. I should get through the rest of it today.
